

B.R.I.D.G.E. TO DATA[®] celebrates its 4th birthday

Looking Back

New Database Profiles Added

[B.R.I.D.G.E. TO DATA[®]](#) now has >225 **database profiles** from **31 countries**; the most recent one is from Singapore - the Pan-Asian Resuscitation Outcomes Study (PAROS).

B.R.I.D.G.E. at Recent Conferences

Recently, Dr. Judith K. Jones presented a poster titled, "**Using an Online Database Resource to Characterize Healthcare Data Linkage Capabilities**" at the OMOP-IMEDS Symposium in Bethesda, MD. Additional posters presented at other conferences may be downloaded from our **Presentations** page.

Improved Web-hosting Service

To accommodate the growing number of database profiles and users, B.R.I.D.G.E. has migrated to a larger hosting site. Active users may have noticed a short downtime while the migration was completed. We are confident you will enjoy the improvements.

Looking Forward

Profiles and Annual updates

Our goal for 2014 is to have 300 database profiles; we also continue to update existing profiles annually.

See you in 2014

B.R.I.D.G.E. will be at several meetings next year including ICPE in Taiwan. Do stop by our booth for a demo.

Enhancements

In the coming months we will complete various enhancements our users have requested. Email us at info@bridgetodata.org for any improvements you would like to see. Your feedback will help us prioritize.
