

FOR IMMEDIATE RELEASE  
August 11, 2011, Arlington, VA, USA

## Learn about healthcare databases with **DGI, LLC** at the 27<sup>th</sup> ICPE Meeting

### What is **B.R.I.D.G.E. TO DATA**®?

**B.R.I.D.G.E. TO DATA**® ([www.bridgetodata.org](http://www.bridgetodata.org)) is a current and trusted online subscription resource, developed and maintained by DGI, LLC. The website contains detailed profiles of population databases/registries worldwide for use in epidemiology, pharmacoepidemiology, and pharmacoconomics.

### Will you be in Chicago next week?

If you are attending the 27<sup>th</sup> International Conference on Pharmacoepidemiology & Therapeutic Risk Management in Chicago, August 14 -17, 2011:

#### View our poster:

“An Analysis of Registries with Birth Defect Data Using an Online Database Resource” (#120) during Poster Session A (Monday, August 15, 2011, 12:00 – 1:30 pm)

#### Stop by booth # 28:

- Pick up a copy of our poster
- Watch a personalized demo and try out our resource
- Enter a drawing for a FREE one-month access

### **B.R.I.D.G.E. TO DATA**® currently has ~140 descriptive profiles from 21 countries and allows you to:

- Review and compare database details side-by-side
- Access comprehensive glossary including coding terms
- Obtain current information from profiles annually updated by database managers
- View an interactive map to see which databases and registries are profiled

To get help finding the right database for your research, join our diverse group of subscribers from academia, pharma, and consulting. For more information, please contact:
