

How to Sign up

Welcome to BRIDGETODATA.org

Make sure you read and agree with our [Terms of Use | Privacy](#) linked to at the bottom of the page before signing up

1. To get started, click the blue [Sign up](#) button on the homepage.
2. Select either an [Investigator](#) or [Institutional Administrator](#) account type
 - **Investigator**
 - Anyone who is signing up as a single user.
 - For this option you will be charged the one-to-five users subscription rate.
 - He or she will have the option of signing up other users in the future.
 - **Institutional Administrator**
 - Main contact for a group of individuals, a company, organization, or institution within a geographic limitation.
 - He or she will have the power to create additional user accounts.
 - For a Global account with no geographic limitations please contact us at 1-571-490-8400.
3. Fill in all the information, and proceed to the payment screen, where you will have the option of paying with a credit card.

If you are a database manager who would ONLY like to have a database or registry profiled, we are happy to let you do so at no cost. You will need to sign up as a database manager allowing you to upload your database profile and give us a point of contact for questions regarding your database profile.

1. Read and agree with our [Terms of Use | Privacy](#) at the bottom of any homepage before continuing.
2. Click the blue [Sign up](#) button on the homepage
3. Click: ○ **I want to create / update a database profile.**
4. Fill in as much information as you can, and click [Next](#) to finish
5. We will contact you before a final version is uploaded onto our site.

We hope this tutorial has helped you with the sign up process. If you have any questions, please email us at info@bridgetodata.org, or call 1-571-490-8400.
